

## Statement of producer of electrical and electronic equipment placed on the market in the Slovak Republic

Report on electrical and electronic equipments	Placed on the market (pieces)	Placed on the market (kg)	Withdrawn from the market (pieces)	Withdrawn from the market (kg)	Amount without VAT (EUR)
<b>1. Thermal exchange equipments</b>					
Refrigerators and freezers up to 45 kg					
Other thermal exchange equipments up to 45 kg					
Refrigerators and freezers 45 - 100 kg					
Other thermal exchange equipments 45 - 100 kg					
Other thermal exchange equipments above 100 kg					
Other thermal exchange equipments (for non-household use)					
<b>2. Screens, monitors and equipments containing screens having a surface larger than 100cm<sup>2</sup></b>					
TV monitors with a diagonal up to 25"					
TV monitors with a diagonal above to 25"					
Notebooks, tablets and other devices that contain screens					
Large-area LED screens (for non-household use)					
<b>3. Light sources</b>					
LED light sources					
Other light sources (fluorescent lamps, discharge lamps)					
<b>4. Large equipments (any external dimension more than 50 cm)</b>					
Large home appliances up to 100 kg					
Copying devices, printers, multifunctional equipments up to 100 kg					
Other large appliances up to 45 kg					
Other large appliances 45 – 100 kg (including)					
Other large appliances above 100 kg					
Large electrical appliances (for non-household use)					
Fotovoltické panely / <i>Photovoltaic panels</i>					
<b>5. Small equipments (no external dimension more than 50 cm)</b>					
Lamps (including integrated source of light)					
Hand tools and garden activity appliances					
Small appliances up to 0,3 kg (including)					
Small appliances 0,3 kg – 2 kg (including)					
Small appliances above 2 kg					

**6. Small IT and telecommunication equipments (no external dimension more than 50 cm)**

Cell phones					
Copying devices, printers, multifunctional equipment					
Other small IT and telecommunication devices up to 0,3 kg (including)					
Other small IT and telecommunication devices 0,3 kg – 2 kg (including)					
Other small IT and telecommunication devices above 2 kg					

Summary data	Stated		Imported		Produces		Exported		Re-exported	
	(pieces)	(kg)	(pieces)	(kg)	(pieces)	(kg)	(pieces)	(kg)	(pieces)	(kg)
<b>1. Thermal exchange equipments</b>										
Refrigerators and freezers up to 45 kg										
Other thermal exchange equipments up to 45 kg										
Refrigerators and freezers 45 - 100 kg										
Other thermal exchange equipments 45 - 100 kg										
Other thermal exchange equipments above 100 kg										
Other thermal exchange equipments (for non-household use)										
<b>2. Screens, monitors and equipments containing screens having a surface larger than 100cm<sup>2</sup></b>										
TV monitors with a diagonal up to 25"										
TV monitors with a diagonal above to 25"										
Notebooks, tablets and other devices that contain screens										
Large-area LED screens (for non-household use)										
<b>3. Light sources</b>										
LED light sources										
Other light sources (fluorescent lamps, discharge lamps)										
<b>4. Large equipments (any external dimension more than 50 cm)</b>										
Large home appliances up to 100 kg										
Copying devices, printers, multifunctional equipments up to 100 kg										
Other large appliances up to 45 kg										

Other large appliances 45 – 100 kg (including)										
Other large appliances above 100 kg										
Large electrical appliances (for non-household use)										
Photovoltaic panels										
<b>5. Small equipments (no external dimension more than 50 cm)</b>										
Lamps (including integrated source of light)										
Hand tools and garden activity appliances										
Small appliances up to 0,3 kg (including)										
Small appliances 0,3 kg – 2 kg (including)										
Small appliances above 2 kg										
<b>6. Small IT and telecommunication equipments (no external dimension more than 50 cm)</b>										
Celll phones										
Copying devices, printers, multifunctional equipment										
Other small IT and telecommunication devices up to 0,3 kg (including)										
Other small IT and telecommunication devices 0,3 kg – 2 kg (including)										
Other small IT and telecommunication devices above 2 kg										

## Statement of producer of batteries and accumulators placed on the market in the Slovak Republic

Report on separate batteries	Production (kg)	Import (kg)	Export (kg)	Re-export (kg)	Unit (kg)	Amount without VAT (EUR)
<b>1. Batteries (separate) / Portable batteries</b>						
<b>1.1 Up to 1 kg per unit</b>						
Primary (non-rechargeable)						
Secondary (accumulators)						
<b>1.2 Above 1 kg per unit</b>						
Primary (non-rechargeable)						
Secondary (accumulators)						
<b>2. Batteries (separate) / Industrial batteries</b>						
<b>2.1 Up to 1 kg per unit</b>						
Primary (non-rechargeable)						
Secondary (accumulators)						
<b>2.2 Above 1 kg per unit</b>						
Primary (non-rechargeable)						
Secondary (accumulators)						
<b>3. Batteries (separate) / Automotive batteries</b>						
Automotive batteries						
<b>Total</b>						

Report on built-in and included batteries	Production (kg)	Import (kg)	Export (kg)	Re-export (kg)	Unit (kg)	Amount without VAT (EUR)
<b>1. Batteries included / Portable batteries</b>						
<b>1.1 Up to kg per unit</b>						
Primary (non-rechargeable)						
Secondary (accumulators)						
<b>1.2 Above 1 kg per unit</b>						
Primary (non-rechargeable)						
Secondary (accumulators)						
<b>2. Batteries included / Portable batteries</b>						
<b>2.1 Up to kg per unit</b>						
Primary (non-rechargeable)						
Secondary (accumulators)						
<b>2.2 Above 1 kg per unit</b>						
Primary (non-rechargeable)						
Secondary (accumulators)						
<b>3. Batteries included / Portable batteries</b>						
Automotive batteries						
<b>Total</b>						

**Statement of the producer of packaging and/or non-packaging products by type,  
material and quantity of packaging placed on the market of the Slovak Republic for  
the calendar quarter**  
(quarterly statement)  
(valid from 01.10.2023)

**1. Statement on consumer packaging**

Consumer packaging	Packaging material	Origin of the material	Manufacture (kg)	Import (kg)	Export (kg)	Total (kg)	Reusable packaging	Packaging filled with hazardous substances	Price total
Glass	Glass	Primary							
		Recyclate							
	Glass composite	Primary							
		Recyclate							
Plastics	PET	Primary							
		Recyclate							
	HDPE	Primary							
		Recyclate							
	PVC	Primary							
		Recyclate							
	LDPE	Primary							
		Recyclate							
	PP	Primary

		Recyclate							
Paper and Cardboard	Paper	Primary							
		Recyclate							
	Cardboard	Primary							
		Recyclate							
	Suctioned cardboard	Primary							
		Recyclate							
Beverage carton	Cardboard-based composite	Primary							
		Recyclate							
Metals	Ferrous metals	Primary							
		Recyclate							

	Aluminium	Primary							
		Recyclate							
	Ferrous composite	Primary							
		Recyclate							
	Aluminium composite	Primary							
		Recyclate							
Wood	Wood	Primary							
		Recyclate							
	Composites with non-wooden parts	Primary							
		Recyclate							
Others	Other	Primary							
		Recyclate							
TOTAL									

## 2. Statement on composite consumer packaging

(to be filled in if the composite heading in the consumer packaging statement is filled in)

Composite consumer packaging	Packaging material	Origin of the material	Manufacture (kg)	Import (kg)	Export (kg)	Total (kg)	Reusable packaging	Packaging filled with hazardous substances	Price total
Glass	Glass	Primary							
		Recyclate							
Plastics	PET	Primary							
		Recyclate							
	HDPE	Primary							
		Recyclate							
	PVC	Primary							
		Recyclate							
	LDPE	Primary							
		Recyclate							
	PP	Primary							
		Recyclate							
	PS	Primary							
		Recyclate							
	XPS	Primary							
		Recyclate							
	EPS	Primary							
		Recyclate							
	Other plastics	Primary							
		Recyclate							
Paper and Cardboard	Paper	Primary

		Recyclate							
	PS	Primary							
		Recyclate							
	XPS	Primary							
		Recyclate							
	EPS	Primary							
		Recyclate							
	Other plastics	Primary							
		Recyclate							
	Biodegradable plastics	Primary							
		Recyclate							
	Plastic composite	Primary							
		Recyclate							
Paper and Cardboard	Paper	Primary							
		Recyclate							
	Cardboard	Primary							
		Recyclate							
	Suctioned cardboard	Primary							
		Recyclate							
	Paper composite	Primary							
		Recyclate							
Beverage carton	Cardboard-based composite	Primary							
		Recyclate							
Metals	Ferrous metals	Primary							
		Recyclate							
	Aluminium	Primary							
		Recyclate							
	Ferrous composite	Primary							
		Recyclate							
		Primary							

	Aluminium composite	Recyclate							
Wood	Wood	Primary							
		Recyclate							
	Composites with non-wooden parts	Primary							
		Recyclate							
Others	Other	Primary							
		Recyclate							
TOTAL									

#### 4. Statement on composite group and transport packaging

Composite group and transport packaging	Packaging material	Origin of the material	Manufacture (kg)	Import (kg)	Export (kg)	Total (kg)	Reusable packaging	Packaging filled with hazardous substances	Price total
Glass	Glass	Primary							
		Recyclate							
Plastics	PET	Primary							
		Recyclate							
	HDPE	Primary							
		Recyclate							
	PVC	Primary							
		Recyclate							
	LDPE	Primary							
		Recyclate							
	PP	Primary							
		Recyclate							
	PS	Primary							
		Recyclate							
	XPS	Primary							
		Recyclate							
	EPS	Primary							
		Recyclate							
	Other plastics	Primary							
		Recyclate							
Paper and Cardboard	Paper	Primary							
		Recyclate							
	Cardboard	Primary							
		Recyclate							
	Suctioned cardboard	Primary							
		Recyclate							
Metals	Ferrous metals	Primary							
		Recyclate							
	Aluminium	Primary							
		Recyclate							
Wood	Wood	Primary							
		Recyclate							
Others	Other	Primary							
		Recyclate							
TOTAL									

## 5. Statement on Non-packaging products

Non-packaging products	Non-packaging material	Origin of the material	Manufacture (kg)	Import (kg)	Export (kg)	Total (kg)	Price total
Glass	Glass	Primary					
		Recyclate					
Plastics	PET	Primary					
		Recyclate					
	PE	Primary					
		Recyclate					
	PP	Primary					
		Recyclate					
	PS	Primary					
		Recyclate					
	PVC	Primary					
		Recyclate					
	PA	Primary					
		Recyclate					
Paper and Cardboard	Paper	Primary					
		Recyclate					
	Newspapers, magazines	Primary					
		Recyclate					
TOTAL							

## 6. Statement on packaging and cycles of packaging

Packaging put on the market	I. Packaging the first time put on the market - A. All customer packaging	I. Packaging the first time put on the market - B. Re-usable consumer packaging	II. Cycles - A. All re-usable packaging	II. Cycles - B. Re-usable consumer packaging
Glass				
Plastics (without PET)				
Plastics (PET)				
Paper and Cardboard				
Metals (Aluminium)				
Metals (Other)				
Wood				
Other materials				
Multilayer composite material based on cardboard				

## 7. Statement on plastic bags

Wall thickness	Production		Import		Export		Total	
	pcs	kg	pcs	kg	pcs	kg	pcs	kg
Up to 15 micrometres								
From 15 to 50 micrometres								
From 50 micrometres
